The reason we started My Jungle Studios is simple, we wanted to give the people of Ellensburg a local place they could just stop in and get pictures taken. Driving to Yakima just seemed silly when we could offer great customer service and quality portraits right here in Ellensburg. I also wanted to have prices anyone could afford. Portraits are your memories so everyone should be able to afford to have them.

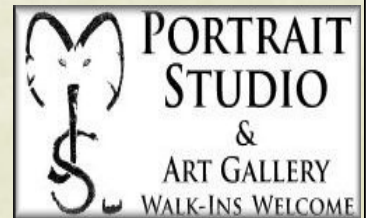

I (Angela Anderson) have worked in the field of professional photography for over 16 years. In doing so I have worked in what I call the fast food photography, where you go in and have 15 minutes to have your portraits taken and then they need to get the next appointment in. To me when capturing your memories you need more time. You need someone that understands what you're looking for and will do their best to provide

that. When I worked in the fast food photography I felt my hands were tied by corporate. I have also worked in high end photography studios where I couldn't believe the prices people were paying for the products. I felt the time, service and quality shouldn't have to be so expensive.

My husband (Corbin Anderson) saw my love for photography and said let's start our own studio, so you can do it the way you feel it should be done. That is how My Jungle Studios was born. We are right here in Ellensburg at 420 North Pearl St. Ellensburg WA, 98926 (Old City Hall corner of Pearl & 5<sup>th</sup>). Our prices start at \$35.00 for a package that is including tax! We offer the customer service we all deserve. As well as hour long appointments or you can come in as a walk in.

My Jungle Studios is also helping the local artists of Ellensburg to be shown. We have some amazing artists here in Ellensburg so we joined the First Friday Art Walk to help show their work. You can come into My Jungle Studios anytime we are open and see the work they have for sale. You might even get to see the artists in work.

I hope you stop by and say hi we love to show off this amazing building, the artwork in it and the quality of portraits we take.

wasn't any ordinary fundraiser this was a pudding fest. Motorcycle riders came from all over the Pacific North West to participate or to watch. There were 250 gallons of pudding made and a wrestling pit was built. There were several volunteers to wrestle in the pud-

ding. Remember this was all for fun! The event was held at the Timberline Motel 8284 us hwy 2, peshastin, wa 98847. You can view My Jungle Studios images at [http://myjunglestudio.com/gallery/9195454\\_xJvdS#616327291\\_BLXeT](http://myjunglestudio.com/gallery/9195454_xJvdS#616327291_BLXeT)

JAZZ IN THE VALLEY

Ellensburg's down home hospitality is well known by music fans who have returned year after year for Jazz in the Valley. Stroll downtown brick

sidewalks while absorbing music from across the nation. Soak in Ellensburg's beautiful summer days and perfect evenings, explore unique shops and absorb the friendly atmosphere. While you are enjoying the wide range of jazz, blues, and swing, sip micro-brews or wine in the festival beer garden. Jazz in the Valley weekend Every year Ellensburg sets aside a weekend for Jazz in the Valley. It is set up right in the downtown of Ellensburg where you can stroll downtown listening to the wonderful

music. The music ranges from blues, swing, not to mention JAZZ. Many of Ellensburg downtown shops stay open late hours during the event. Some even host a Jazz group inside their shops. My Jungle Studios had a group of young men right outside our door. They were amazing to listen to.

My Jungle Studios also stayed open late all three days of the Jazz in the Valley weekend. We were able to meet many new faces, while enjoy the music right from our shop.

THE GREAT RACE

On July 9th they made their way through Ellensburg WA, <http://oceantoocean.ning.com>

The Great Race went right past My Jungle Studios so we were out front with our Cameras. To see the pictures we took visit our sight and click events. The event started in New York on June 14th and

will end in Seattle on July 12th. It commemorates the Ocean to Ocean Endurance Race (part of the 1909 Alaska Yukon Pacific Exposition) which ushered in the automobile age. There were 56 Model T Fords, 1 from each of the 50 States, and 6 vehicles originally licensed in foreign countries.
